North

Glue to back of dial plate
for reinforcement.

Cut out tab template. Place the lower line on your latitude line below. Make sure that the arrows all point in the same direction. Draw the template on to the latitude scale. Cut out the latitude scale and fold along your latitude line to make a tab. Glue this tab to the back of the dial plate where marked.

Latitude Plate

Glue latitude plate tab here.

Glue base plate tab here.

Glue to back of dial plate for reinforcement and for latitude plate tab guide.

Glue to reinforce vertical joints.

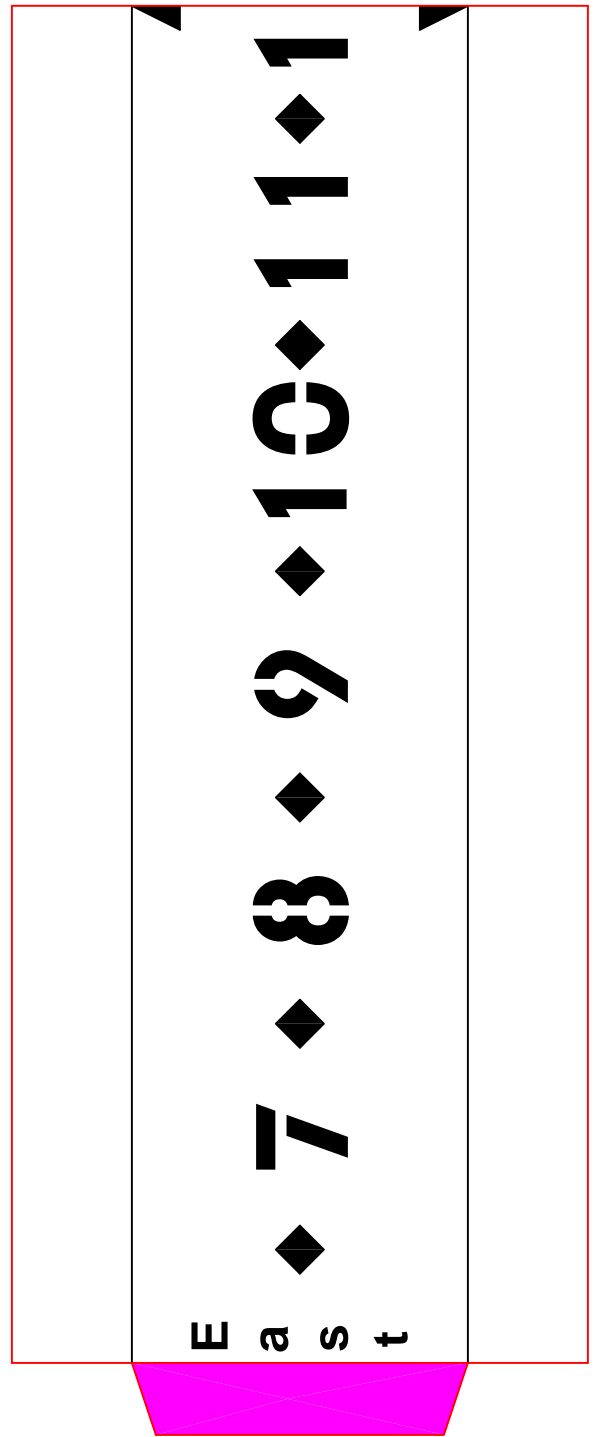

Base Plate

East

West

Glue to bottom of back of dial plate.

Print this sheet on a clear transparency.

Cut out the hour rings and glue to the back of the hour ring borders. Be sure to match the colours and arrows. The black lines on the hour rings line up with inner edge of the hour ring borders. Glue the long paper strips over the back of the completed hour ring and hour ring border to reinforce.
